•**PERFORMANCE:** The PACASR Pinguino is a split system rated at 11,000 Btu/h cooling capacity.

•**EASY TO MOVE:** thanks to its durable castors and easy-to-carry handles.

•AIR FILTRATION

•**NO DRIP TECHNOLOGY:** The condensate (water) removed from the air being cooled is automatically pumped out to the outdoor condenser, for evaporation or piped to a drain. NO CONTAINER TO EMPTY!

•**ENERGY SAVNG:** Because a portable air conditioner can be operated independently of central systems, it is easier to target cooling specifically where you want it.

•**EASY-TO-USE CONTROL PANEL:** Selector includes 4 positions: 2-speed fan and 2-speed air conditioning. Adjustable thermostat for accurate control of room temperature, and 24-hour programmable timer.

•**QUIET OPERATION:** thanks to the high efficiency compressor and quality components.
