A REVOLUTION IN PUMPS

ACORN

The ACORN fitting is designed to offer an alternative to soldering, threading, flaring, crimping and the expensive tools these procedures require. The ACORN fitting is easy to install and provides substantial timesaving. The ACORN fitting joins copper-tube-size (CTS) pipe that includes hard copper tube, PEX pipe, CPVC-CTS pipe and PolyB pipe, all without the need for any joining tools. The ACORN fitting can be used as a transition fitting between these types of pipes. **CSA Approved for Plumbing & Heating Systems.**
